California State Park and Recreation Commission to Vote on Old Sacramento SHP General Plan

What: Commission meeting to vote on Old Sacramento State Historic Park's General Plan/Environmental Report

Who: California State Park and Recreation Commission

When: Friday, May 2 at 10:00 a.m.

Where: Natural Resources Building, 1416 9th Street, Sacramento

The Old Sacramento State Historic Park General Plan has been updated to only include those areas either currently owned by State Parks, with planned ownership, or to be coordinated with others in the near future. No planning or improvements are now planned within the Sacramento Regional Transit District 4 mile section of right-of-way through South Land Park.

The Old Sacramento State Historic Park General Plan was initially brought before the Commission on January 24, 2014. However, staff was directed to re-engage stakeholders and gather additional input regarding the excursion line proposals. State Parks staff held several public meetings and collected public input before making a recommendation to the Commission.

All comments received on the plan and during the planning process were fully considered, ensuring that community members, agencies, planning partners and other stakeholders were fully vested in a transparent planning process.
